

NEW DOWNHILL & XC TRAILS WHARNCLIFFE

VOLUNTEER TRAIL BUILDING

A new sustainable trail is being built by volunteers; the loop will be around 16 km of new single track trail.

Want to Help?

Please feel free to muck in, and give us a hand for as long as you can spare, speak to one of the trail builders who will point you in the direction of the day's project leader so we can sign you in.

Also, Please join SingletrAction, membership forms are on the web site, or ask one of the volunteers. Not only do you get some fantastic discounts from the bike trade, but all money raised goes back into trail building, helping to buy materials and tools.

Not got the time, or too tired after riding, why not come along to our next work day.

**More information can be found on our websites www.singletraction.org.uk
and www.wharncliffe.info**
